12. Computerization of VAT Departments of Himachal Pradesh and Jammu & Kashmir
13. Income and Expenditure

Overview

The Value Added Tax (VAT) is considered to be a major improvement over the pre-existing Central excise duty at the National level and the sales tax system at the State level. The Goods and Services Tax (GST) will be a further significant breakthrough towards a comprehensive indirect tax reform in the country. Keeping this overall objective in view, an announcement was made by Shri P. Chidambaram, Hon'ble Union Finance Minister in the Union Budget (2007-08) to the effect that GST would be introduced from April 1, 2010 and that the Empowered Committee of State Finance Ministers, on his request, would work with the Central Government to prepare a road map for introduction of GST in India. Taking into account the recommendations of the various committees, experts, discussions with the trade and industry and in consultation with the Government of India, the First Discussion Paper on Goods and Service Tax in India was released in the month of November, 2009 by the Empowered Committee of State Finance Ministers.

2. The Constitution of India provides for delineation of power to tax between the Centre and the States. While the Centre is empowered to tax services and goods upto the production stage, the States have the power to tax sale of goods. The States do not have the powers to levy a tax on supply of services while the Centre does not have power to levy tax on the sale of goods. Therefore, it is essential to have Constitutional amendments for empowering the Centre to levy tax on sale of goods and the States for levy of service tax. Keeping this in mind, the Government of India, in consultation with the States, introduced the Constitution (One Hundred and Fifteenth Amendment) Bill, 2011 in the Lok Sabha in March, 2011 to facilitate the introduction of GST. The matter remained under consideration of the Standing Committee of Parliament on Finance during the year 2012-13.

3. Meanwhile in pursuance of the decision taken in a meeting of the Hon'ble Union Finance Minister with the Empowered Committee, a Committee on GST Design was constituted consisting of the representatives of the Government of India and the State Governments. The GST Design Committee gave wide ranging recommendations. In the interest of harmonization and common market, this Committee suggested that several of the GST features are required to be essentially common between the Centre and the States and common across the States. To allow flexibility to the Centre and the States, the Committee also indicated features

that should be ideally common but may vary. While approving these recommendations, the Empowered Committee also constituted three committees on the problem of dual control, threshold and exemptions in GST regime, Revenue Neutral Rates for State GST & Central GST, place of supply rules, IGST and GST on import.

4. To reap the full benefits of the GST, Goods and Services Tax Network (GSTN) was incorporated on 28th March, 2013 as a “Not for Profit” Section 25 non-Government company, with strategic control to be with the Government. The GSTN will run a common portal providing three core services, namely, registration, returns and payments. The Empowered Committee with the assistance of Government of India has also taken up various other initiatives for implementing the IT infrastructure for VAT/GST. These include Tax Information Exchange System (TINXSYS) and Computerization of Commercial Tax Departments of the Special Category States of Himachal Pradesh and Jammu & Kashmir.

5. For introduction of GST, phasing out of Central Sales Tax (CST) is necessary as it is going to be a distortion under the GST regime. Keeping this in view, the Government of India, in consultation with States, reduced the Central Sales Tax rate from 4% to 3% with effect from 1st April, 2007 and further reduced it from 3% to 2% with effect from June, 2008. The payment of CST compensation by the Government of India has been a contentious issue. Therefore, in pursuance of a meeting of the Empowered Committee, with the Hon’ble Union Finance Minister, a Committee on CST Compensation was constituted with the representatives from Government of India and the State Governments. The Committee gave several recommendations. To consider these recommendations, a meeting was taken by the Hon’ble Union Finance Minister with the Empowered Committee on 14th February, 2013. There was a broad consensus on several of the recommendations.

6. I take this opportunity to place on record my deep appreciation for the work done by the two predecessors, Dr. Asim K. Dasgupta, former Finance Minister, West Bengal and Shri Sushil Kumar Modi, former Deputy Chief Minister, Bihar. Dr. Dasgupta was the founder Chairman of the Empowered Committee. Major tax reforms have taken place because of the initiatives taken by Dr. Dasgupta and Shri Modi. The Empowered Committee will always be guided by the path shown by them. I am also extremely thankful to Shri P. Chidambaram, Hon’ble Union Finance Minister for his kind encouragement and advice because of which introduction of VAT, phasing out of CST and various preparations for the introduction of GST have been possible. I am confident that the spirit of cooperative federalism and the collective efforts of the Centre and the States are

going to be instrumental in the introduction of GST in India and may usher in the possibility of a collective gain for industry, trade, agriculture and common consumer as well as for the Central Government and the State Governments.

Abdul Rahim Rather
Chairman,
Empowered Committee of
State Finance Ministers &
Finance & Ladakh Affairs Minister,
Government of Jammu & Kashmir

Introduction

The Empowered Committee of State Finance Ministers was originally set up on 17th July, 2000 by the Government of India with the Hon'ble State Finance Ministers of West Bengal, Karnataka, Madhya Pradesh, Maharashtra, Punjab, Uttar Pradesh, Gujarat, Delhi and Meghalaya as members with an objective to monitor the implementation of uniform floor rates of sales tax by the States and Union Territories, to monitor the phasing out of the sales-tax based incentive schemes, to decide milestones and methods of the States to switch over to VAT and to monitor reforms in the Central Sales Tax system existing in the country. Subsequently, Hon'ble State Finance Ministers of Assam, Tamil Nadu, Jammu & Kashmir, Jharkhand and Rajasthan were also notified as the members of the Empowered Committee. On 12th August, 2004, the Government of India decided to reconstitute the Empowered Committee with all the Hon'ble State Finance/Taxation Ministers as its members.

2. Later on, it was decided to register the body as a Society under the Societies Registration Act (XXI of 1860). The registration certificate was issued on August 17, 2004. All the Ministers in charge of Finance/Taxation of all State Governments and Union Territories with legislatures, Additional Secretary (Revenue), Government of India and Member Secretary, Empowered Committee are the members of the Empowered Committee. The Empowered Committee has its office in Delhi Sachivalya, I.P. Estate, New Delhi where Government of NCT of Delhi has kindly provided accommodation and other facilities. The Society has been receiving contributions from the State Governments and the Government of India to meet its administrative expenditure and undertake various other activities.

3. The Empowered Committee has been meeting regularly. It is attended by the State Finance Ministers, Finance Secretaries and Commissioners of Commercial Taxes of the State Governments as well as senior officers of the Ministry of Finance, Government of India. During 2012-13, the Empowered Committee met four times. The Annual General Meeting of the Empowered Committee was held on 8th November, 2012.

Empowered Committee Secretariat

4. Shri Satish Chandra, IAS (Retd.), former Secretary to the Government of India, continued as Member Secretary, Empowered Committee during the year.

5. One senior level officer, Smt. Ujjaini Datta was deputed by the Government of West Bengal from Sales Tax Department to work in the Empowered Committee Secretariat. She has been designated as Officer on Special Duty and is looking after the work related to the implementation of VAT, phasing out of CST, introduction of GST, compilation and analyzing revenue figures and other technical matters. Shri V.P. Gupta, Senior Administrative Officer, Shri V.K. Malhotra, Administrative Officer and Dr. Pooja Joshi, part- time Finance Officer also continued in the same capacity during the year.

The Empowered Committee Website

6. The Chairman, Empowered Committee launched an independent website for the Empowered Committee in April 2012, which was developed by National Informatics Centre (NIC). The Uniform Resource Locator (URL) of the Website is www.empcom.gov.in. It is bilingual and has the profile of the members of the Empowered Committee, Annual Reports of the various years, White Paper on VAT, First Discussion Paper on GST and latest news published in Newspapers regarding the subjects dealt by the Empowered Committee. The Website also provides related links for various Central Ministries, the State Commercial Tax Departments, the Finance Departments of States, Central Government organizations and National Institute of Public Finance & Policy (NIPFP).

Regional Workshop

7. Empowered Committee has planned a National Level Workshop and 4-5 Regional Workshops. The first Regional Workshop was held in the Western Region from 14th to 16th February, 2013 in Mumbai. The participant States/Union Territories were Madhya Pradesh, Gujarat, Goa, Daman & Diu, Dadra & Nagar Haveli, Chhattisgarh, Maharashtra and Puducherry. It was attended by 37 officers, mostly in the rank of deputy commissioners, assistant commissioners, commercial tax officers and inspectors.

Value Added Tax at the Central and the State level

8. Prior to the introduction of VAT in the Centre and in the States, there was a burden of multiple taxation in the pre-existing Central excise duty and the State sales tax systems. Before any commodity was produced, inputs were first taxed, and then after the commodity got produced with input tax load, output was taxed again.

This was causing a burden of multiple taxation (i.e. “tax on tax”) with a cascading effect. Moreover, in the sales tax structure, when there was also a system of multi-point sales taxation at subsequent levels of distributive trade, then along with input tax load, burden of sales tax paid on purchase at each level was also added, thus aggravating the cascading effect further.

9. When VAT is introduced in place of Central excise duty, a set-off is given, i.e., a deduction is made from the overall tax burden for input tax. In the case of VAT in place of sales tax system, a set-off is given from tax burden not only for input tax paid but also for tax paid on previous purchases. With VAT, the problem of “tax on tax” and related burden of cascading effect is thus removed. Furthermore, since the benefit of set-off can be obtained only if tax is duly paid on inputs (in the case of Central VAT), and on both inputs and on previous purchases (in the case of State VAT), there is a built-in check in the VAT structure on tax compliance in the Centre as well as in the States, with expected results in terms of improvement in transparency and reduction in tax evasion. For these beneficial effects, VAT has now been introduced in more than 150 countries, including several federal countries. In Asia, it has now been introduced in almost all the countries.

10. In India, VAT was introduced at the Central level for a selected number of commodities in terms of MODVAT with effect from March 1, 1986, and in a step by-step manner for all commodities in terms of CENVAT in 2002-03. Although the growth of tax revenue from the Central excise has not always been specially high, the revenue growth of combined CENVAT and service taxes has been significant.

11. Introduction of VAT in the States has been a more challenging exercise in a federal country like India, where each State, in terms of Constitutional provision, is sovereign in levying and collecting State taxes. Before introduction of VAT, in the sales tax regime, apart from the problem of multiple taxation and burden of adverse cascading effect of taxes as already mentioned, there was also no harmony in the rates of sales tax on different commodities among the States. Not only were the rates of sales tax numerous (often more than ten in several States), and different from one another for the same commodity in different States, but there was also an unhealthy competition among the States in terms of sales tax rates – so called “rate war” – often resulting in, revenue-wise, a counter-productive situation.

12. It is in this background that attempts were made by the States to introduce a harmonious VAT in the States, keeping at the same time in mind the issue of sovereignty of the States regarding the State tax matters. The first preliminary

discussion on State-level VAT took place in a meeting of Chief Ministers convened by Dr. Manmohan Singh, the then Union Finance Minister in 1995. In this meeting, the basic issues on VAT were discussed in general terms and this was followed up by periodic interactions of State Finance Ministers. Thereafter, in a significant meeting of all the Chief Ministers, convened on November 16, 1999 by Shri Yashwant Sinha, the then Union Finance Minister, two important decisions, among others, were taken. First, before the introduction of State-level VAT, the unhealthy sales tax “rate war” among the States would have to end, and sales tax rates would need to be harmonized by implementing uniform floor rates of sales tax for different categories of commodities with effect from January 1, 2000. Secondly, on the basis of achievement of the first objective, steps would be taken by the States for introduction of State-level VAT after adequate preparation. For implementing these decisions, a Standing Committee of State Finance Ministers was formed which was then made an Empowered Committee of State Finance Ministers.

13. Thereafter, the Empowered Committee has met regularly. All the decisions were taken on the basis of consensus. On the strength of these repeated discussions and collective efforts, involving the Ministers and the concerned officials, it was possible within a period of about a year and a half to achieve nearly 98 per cent success in the first objective, namely, harmonization of sales tax structure through implementation of uniform floor rates of sales tax.

14. After reaching this stage, steps were initiated for systematic preparation for introduction of State-level VAT. In order again to avoid any unhealthy competition among the States which may lead to distortions in manufacturing and trade, attempts have been made from the very beginning to harmonize the VAT design in the States, keeping also in view the distinctive features of each State and the need for federal flexibility. This has been done by the States collectively agreeing, through discussions in the Empowered Committee, to certain common points of convergence regarding VAT, and allowing at the same time certain flexibility to accommodate the local characteristics of the States.

15. Along with these measures, steps were taken for necessary training, computerization and interaction with trade and industry. While these preparatory steps were taken, the Empowered Committee got a significant support from Shri P. Chidambaram, the Hon’ble Union Finance Minister, when he responded positively in providing Central financial support to the States in the event of loss of revenue in transitional years of implementation of VAT.

16. As a consequence of all these steps, the States started implementing VAT beginning April 1, 2005. After overcoming the initial difficulties, all the States and the Union Territories are now implementing VAT. The Empowered Committee has been monitoring closely the process of implementation of State-level VAT. Deviations from the agreed VAT rates have been contained substantially. Responses of the industry and also of the trade have been indeed encouraging. The rate of growth of tax revenue has nearly doubled from the average annual rate of growth in the pre-VAT period after the introduction of VAT.

Goods and Service Tax (GST)

17. Despite this success with VAT, there are still certain shortcomings in the structure of VAT, both at the Central and at the State level. The shortcoming in CENVAT of the Government of India lies in non-inclusion of several Central taxes in the overall framework of CENVAT, such as additional customs duty, surcharges, etc., and thus keeping the benefits of comprehensive input tax and service tax set-off out of reach for manufacturers/dealers. Moreover, no step has yet been taken to capture the value-added chain in the distribution trade below the manufacturing level in the existing scheme of CENVAT. The introduction of Goods and Services Tax (GST) at the Central level will not only include comprehensively more indirect Central taxes and integrate goods and service taxes for the purpose of set-off relief, but may also lead to revenue gain for the Centre through widening of the dealer base by capturing value addition in the distributive trade and increased compliance.

18. In the existing State-level VAT structure there are also certain shortcomings. There are, for instance, even now, several taxes which are in the nature of indirect tax on goods and services, such as luxury tax, entertainment tax, etc., and yet not subsumed in the VAT. Moreover, in the present State-level VAT scheme, CENVAT load on the goods remains included in the value of goods to be taxed under State VAT, and contributing to that extent a cascading effect on account of CENVAT element. This CENVAT load needs to be removed. Furthermore, any commodity, in general, is produced on the basis of physical inputs as well as services, and there should be integration of VAT on goods with tax on services at the State level as well, and at the same time there should also be removal of cascading effect of service tax. In the GST, both the cascading effects of CENVAT and service tax are removed with set-off, and a continuous chain of set off from the original producer's point and service provider's point upto the retailer's level is established which reduces the burden of all cascading effects. This is the essence of

GST, and this is why GST is not simply VAT plus service tax but an improvement over the previous system of VAT and disjointed service tax. However, for this GST to be introduced at the State-level, it is essential that the States should be given the power of levy of taxation of all services. This power of levy of service taxes has so long been only with the Centre. A Constitutional Amendment will be needed for giving this power also to the States. Moreover, with the introduction of GST, burden of Central Sales Tax (CST) will also be removed. The GST at the State-level is, therefore, justified for (a) additional power of levy of taxation of services for the States, (b) system of comprehensive set-off relief, including set-off for cascading burden of CENVAT and service tax, (c) subsuming of several taxes in the GST and (d) removal of burden of CST. Because of the removal of cascading effect, the burden of tax under GST on goods will, in general, fall.

19. The GST at the Central and at the State level will thus give more relief to industry, trade, agriculture and consumers through a more comprehensive and wider coverage of input tax set-off and service tax setoff, subsuming of several taxes in the GST and phasing out of CST. With the GST being properly formulated by appropriate calibration of rates and adequate compensation where necessary, there may also be revenue/ resource gain for both the Centre and the States, primarily through widening of tax base and possibility of a significant improvement in tax-compliance. In other words, the GST may usher in the possibility of a collective gain for industry, trade, agriculture and common consumers as well as for the Central Government and the State Governments. The GST may, indeed, lead to the possibility of collectively positive-sum game.

20. Keeping this significance of GST in view, an announcement was made by the Union Finance Minister in the Union Budget, as mentioned before, to the effect that GST would be introduced from April 1, 2010, and that the Empowered Committee of State Finance Ministers would work with the Central Government to prepare a road map for introduction of the GST. After this announcement, the Empowered Committee, as stated earlier, had set up a Joint Working Group which submitted a report on a model and road map for GST. After accommodating the views of the States appropriately on this report, the views of the Empowered Committee on the model and road map were sent to the Government of India in April, 2008. The comments of the Government of India were received in December, 2008. These comments were duly considered by the Empowered Committee and it was decided that a Committee of Principal Secretaries/Secretaries (Finance/Taxation) and Commissioners of Trade Taxes should consider the comments received from the Government of India and submit its views and also work out the Central GST and State GST rates. The Committee held detailed deliberations and submitted its

recommendations to the Empowered Committee. The Empowered Committee considered these recommendations in its meeting held in January, 2009 and accepted them in principle. The Empowered Committee also decided to constitute a Working Group consisting of Principal Secretaries/Secretaries (Finance/Taxation) and Commissioners of Trade Taxes of all the States/UTs to give their recommendations on (a) the commodities and services that should be kept in the exempted list, (b) the rules and principles of taxing the transactions of services including the transactions in inter-State services, and (c) finalization of the model suggested for inter-state transaction/movement of goods including stock transfers. The senior representatives from the Government of India were also associated.

21. Taking into account the recommendations of the Joint Working Group consisting of Principal Secretaries/Secretaries(Finance/Taxation) and Commissioner of Trade Taxes of all States/UTs, the views expressed by the Government of India and the States in several meetings of the Empowered Committee held during 2009 and also discussions held with the Hon'ble Union Finance Minister, the First Discussion Paper on Goods and Services Tax in India and Frequently Asked questions and Answers were released by the Empowered Committee of State Finance Ministers in the presence of the then Hon'ble Union Finance Minister on 10th November, 2009, inviting interaction with the representatives of industry, trade, agriculture and common people.

22. It was felt by the Government of India that the Constitution of India has to be suitably amended before dual GST could be implemented. Accordingly, it was decided to form a Joint Working Group under the Chairmanship of Additional Secretary (Revenue), Member Secretary, Empowered Committee (Co-Chairman) and senior officers from the Ministry of Law, Department of Revenue and State Governments. Several meetings of this Group were convened by the Government of India and after taking the views of the States representatives and in consultation with the Department of Law & Justice, Constitutional Amendment Bill for GST was drafted by the Government of India. Subsequently two more draft Constitutional Amendment Bills were received from the Government of India for consideration of the Empowered Committee. The Empowered Committee considered the three drafts of the Constitutional Amendment Bills sent by Government of Indian in its meetings held on 4th August, 2010, 18th August, 2010, 20th September, 2010, 29th October, 2010 and 28th February, 2011. After which the Central Government introduced the 115th Amendment Bill, 2011 in the Lok Sabha to facilitate introduction of GST on 22nd March, 2011. The matter remained under consideration of the Standing Committee of the Parliament on Finance during the year 2012-13.

23. To discuss the progress made in the preparation for GST, Shri P. Chidambaram, Hon'ble Union Finance Minister met the Empowered Committee on 8th November, 2012. In pursuance of the decision taken in this meeting, a Committee on GST Design was constituted under the convenership of the Additional Secretary (Revenue), Government of India and the Member Secretary, Empowered Committee. This Committee consisted of the Central and the State representatives (Andhra Pradesh, Bihar, Madhya Pradesh, Gujarat, Tamil Nadu, West Bengal, Maharashtra, Karnataka, Kerala, Jammu & Kashmir and Mizoram). The Committee held its deliberations on 6th December, 2012, 18th December, 2012, 19th December, 2012, 9th January, 2013 and 10th January, 2013 and submitted its report before the Empowered Committee which was discussed in the Empowered Committee meeting held in Bhubaneswar on 28th & 29th January 2013. In addition to agreeing the most of the recommendations of the Committee on GST Design, the Empowered Committee decided to constitute three committees namely (i) Committee on the Problem of Dual Control, Threshold and Exemptions, (ii) Committee on Revenue Neutral Rate for State GST and Central GST and Place of Supply Rules, and (iii) Committee on IGST and GST on Imports.

Study Tour to Canada & Japan

24. A delegation of the Empowered Committee of State Finance Ministers consisting of Hon'ble Finance/Taxation Ministers of the States and senior officers of the Government of India, State Governments and Empowered Committee visited Toronto, Ottawa, Vancouver in Canada and Tokyo in Japan from 12th September, 2012 to 26th September, 2012 to study the implementation of Goods and Services Tax in Canada and Japan. During the visit, the delegation had useful discussion with the Ministers and the senior officials of Canada and Japan.

Phasing out of Central Sales Tax (CST)

25. For introduction of VAT/GST, phasing out of CST is necessary as it is a distortion under the VAT regime. The position regarding phasing out of CST was reviewed by the Empowered Committee in its meeting held in July, 2005 and there was a view that CST should not be phased out in an abrupt manner and all its implications should be studied both by the Government of India and the State Governments. In fact, a number of States expressed their apprehension about loss of their revenue on phasing out of CST and were opposed to the same until their

revenue could be protected through service tax and compensation on permanent basis. This matter was subsequently deliberated upon in several meetings of the Empowered Committee. Crucial meetings were also taken by Shri P. Chidambaram, Hon'ble Union Finance Minister on several occasions to discuss this issue. During the meetings, the States were of the view that revenue loss on account of phasing out CST should be fully compensated by the Centre through adequate budgetary support. However, the Hon'ble Union Finance Minister felt that there was need to explore various non-monetary options also for CST compensation and suggested a combination of ways/multi-mechanism for generating the revenue.

26. On 22nd March, 2006 a meeting was taken by the then Hon'ble Union Finance Minister and as per decision taken in this meeting, a Technical Committee of Commissioners of VAT/Sales/Trade Taxes was set up to work out various possible options for compensation of revenue loss on account of phasing out of CST and to suggest modalities for such compensation. Subsequently, several rounds of meetings were held with the Hon'ble Union Finance Minister and a compensation package was finalized to meet the loss on account of phasing out of CST. It was also decided that the CST should be phased out till 31st March, 2010. An announcement to this effect was made by the Hon'ble Union Finance Minister in his Budget Speech 2007-08 that "VAT has proved to be an unqualified success. VAT revenues of the implementing States increased by 13.8 per cent in 2005-06 and by 24.3 per cent in the first nine months of 2006-07. The next logical step is to phase out Central Sales Tax (CST). The Central Government has reached an agreement with State Governments to phase out CST. Consequently, the CST rate will be reduced from 4 per cent to 3 per cent with effect from April 1, 2007." Accordingly, as per the consensus arrived between the Centre and the State Governments, the rate of CST was reduced from 4% to 3% with effect from 1st April, 2007.

27. Further deliberations were done in the Empowered Committee to discuss about reducing the rate of CST from 3% to 2% with effect from 1st April, 2008 and steps required by the Government of India and the States in this regard. An important meeting was also taken by the Hon'ble Union Finance Minister on 28th January 2008 to deliberate on various monetary and non monetary measures to be adopted by States and Centre so that CST can be reduced to 2%. After due discussions and deliberations, a notification reducing the CST rate from 3% to 2% with effect from 1st June, 2008 was issued by the Government of India. Revised guidelines for the CST compensation were also issued on 22nd August, 2008. The issue regarding the further reduction of CST rate from 2% to 1% w.e.f. April, 1, 2009, was considered

by Empowered Committee in its meeting held on 21st January, 2009 and after due consideration it was decided to retain the 2% CST rate till GST is introduced.

—
28. A meeting of the Empowered Committee with the Hon'ble Union Finance Minister was held on 8th November, 2012 and in pursuance of the decision taken in the meeting, a Committee on CST Compensation was constituted under the Convenership of the Additional Secretary (Revenue) and the Member Secretary, Empowered Committee. The Committee consisted of the Central and the State representatives (Odisha, Uttar Pradesh, Punjab, Rajasthan, Haryana, Delhi, Assam and Chhattisgarh). The Committee on CST Compensation met on 5th December, 2012, 20th December, 2012 and 16th January, 2013 and submitted its report before the Empowered Committee which was discussed in the Empowered Committee meeting held in Bhubaneswar on 28th & 29th January 2013. After due deliberations, the Empowered Committee endorsed the recommendations of the Committee. A meeting was taken by Shri P. Chidambaram, Hon'ble Union Finance Ministers with the Empowered Committee and there was a broad consensus on these recommendations and other GST related issues.

Goods and Services Tax Network (GSTN)

29. To reap the full benefits of the Goods and Services Tax, it is essential that a well designed and well functioning IT system is available to both the Centre and the States. With this objective and to facilitate the establishment of the IT Infrastructure for rolling out the proposed Goods and Services Tax across the country, an Empowered Group on IT Infrastructure on Goods and Services Tax under the Chairmanship of Dr. Nandan Nilekani, Chairman, Unique Identification Authority of India was constituted by the Government of India on 26th July, 2010. The Group prepared an IT strategy for Goods and Services Tax which was submitted to the Empowered Committee of State Finance Ministers for their approval. This strategy was considered by the Empowered Committee in its meeting held on 20th September, 2010. The Empowered Committee endorsed the IT strategy document for Goods and Services Tax prepared by the Empowered Group on IT Infrastructure. After which several meetings were held by the Empowered Group on IT Infrastructure on Goods and Services Tax. In the meeting held on 12th May, 2011, the Group had suggested setting up of a "Not for Profit" Section 25 non-Government Company, with strategic control to remain with the Government. This recommendation of the Group was approved by the Empowered Committee and also the Government of India.

30. The GSTN was incorporated on 28th March, 2013. 51% share of GSTN will be held by private entities, 24.5% by the Central Government and the remaining 24.5% by the States and the Empowered Committee. The total amount of equity proposed is Rs.10 crores. The Company will run a common portal providing three core services, namely registration, returns and payment.

Tax Information Exchange System (TINXSYS)

31. The Empowered Committee, in consultation with the Government of India, had decided to have a technology based computerized system, viz Tax Information Exchange System (TINXSYS). The key objective of the project was to obtain information related to inter-State trade and prevent fraudulent transactions through spurious statutory forms and thereby tax evasion. With this objective in sight, a project proposal was prepared with an estimated outlay of Rs.32 crores. The 50% of this expenditure was to be borne by the Government of India and the remaining 50% by the States. M/s Ernst & Young Pvt. Ltd. was appointed as the Consultant for the project with effect from 19th October, 2004 and M/s 3i-Inifotech Pvt. Ltd. was engaged as Service Provider with effect from 30th September, 2004.

32. The project commenced on 1st November, 2004 on a Build-Own-Operate-Transfer basis. Till 31st March, 2013, the following facilities were commissioned as part of the project:

- (a) TINXSYS Data Centre and Disaster Recovery Site were set up in Thane, Maharashtra and Chennai, Tamil Nadu respectively.
- (b) Nationwide Interactive Voice Response facility is accessible through toll free number.
- (c) Dedicated network providing connectivity between Empowered Committee office and Headquarters of Commissioner, Trade Tax Departments of 30 States/Union Territories along with VIP facility for conferencing has been made available on real time basis.
- (d) TINXSYS website with facility for verification of dealer information has been made available.
- (e) Dealer data migration has been completed for most of the States.
- (f) In most of the States/Union Territories, IT and non-IT equipments have been installed.
- (g) The Service Provider has developed B-Spoke Software Application. The portal and application is hosted on the World Wide Web through an authorized domain name, which was provided by the Empowered Committee.
- (h) The Service Provider has implemented the one time activity of data conversion.

- (i) The Service Provider is providing a centralized dataware housing solution TINXSYS at Data Centre Thane.
- (j) As the Tax Information Exchange System carries a sensitive Government data, the Service Provider has developed its application considering various security measures in order to provide adequate security at all levels.
- (k) The Service Provider has carried out training to the respective State CTD employees as well as the Empowered Committee staff.
- (l) The Service Provider is ensuring uninterrupted support to various types of activities through dedicated call centre.
- (m) The service provider has provided interconnectivity between TINXSYS and State VAT system in all the computerized Commercial Tax Departments which would also automate the process of extraction of data from State database to TINXSYS database.
- (n) MIS reports have been developed and moved to the internet domain so as to be available to all tax officers.
- (o) The ISO 27001 certification of the TINXSYS Data Centre was renewed and extended till 2012.

33. The initial five years contract with the Service Provider and the Consultant of this project expired on 31st October, 2009. The five year contract period of these two agencies was extended by the Empowered Committee till 31st October, 2011. The Empowered Committee of State Finance Ministers has further approved the extension of the contracts of M/s 3i-infotech Ltd and M/s Ernst and Young Pvt Ltd. till 15th June, 2014.

Computerization of VAT Departments of Himachal Pradesh and Jammu & Kashmir

34. Computerization of VAT Departments was the preliminary condition for installation of Tax Information Exchange System. Some of the States were already having Computerization in their VAT Departments. Keeping in view the slow progress of computerization, the Government of India was requested to take initiative to help the Special Category States with computerization. The Government of India, Department of Revenue requested the Empowered Committee of State Finance Ministers to take up the VAT Computerization in the States of Himachal Pradesh and Jammu & Kashmir.

35. M/s PricewaterhouseCoopers Pvt. Ltd. were engaged as Consultant for the project of VAT computerization in Jammu & Kashmir and Himachal Pradesh for a

total fee of Rs.2.40 crores. M/s Tata Consultancy Services was appointed as Implementing Agency for the VAT computerization of Commercial Tax Departments of Jammu & Kashmir and Himachal Pradesh on payment of total amount of about Rs.38.04 crores.

36. The Government of India also decided to constitute a Project Review and Monitoring Committee consisting of the Member Secretary, Empowered Committee of State Finance Ministers; Director (State Taxes), Department of Revenue, Government of India; Commissioner, Commercial Taxes, Government of Jammu & Kashmir; Excise & Taxation Commissioner, Government of Himachal Pradesh and Senior Administrative Officer, Empowered Committee of State Finance Ministers.

37. During the year, Review and Monitoring Committee has met on 18th & 19th June, 2012 in Srinagar (J&K) and on 4th December, 2012 in Delhi. In these meetings the Committee reviewed the progress made in the implementation of the Project. The difficulties pointed out by the States and the Implementation Agency were also discussed and sorted out. Suitable instructions were issued to the Implementation Agency and the Consultant to ensure that the project is completed as per schedule fixed in the Agreement.

Income & Expenditure

38. Empowered Committee does not have its own source of income except income from bank interest. The Committee mainly generates its income from the funds provided by the Government of India and the contributions received from the States/Union Territories. During the financial year 2012-2013, the Empowered Committee received annual contribution of Rs. 10 lakhs from the States/Union Territories.

39. For installation of Tax Information Exchange System, a contribution of Rs.4.66 crores was received from various States/Union Territories. A contribution of Rs.1 crore was also received from the Government of India for the same purpose during the financial year 2012-2013.

40. During the Financial Year 2012-13, the Empowered Committee of State Finance Ministers received grant-in-aid of Rs.3 crores for the VAT Computerization project in the States of Himachal Pradesh and Jammu & Kashmir

from Government of India and about Rs.1.19 crores from the State of Himachal Pradesh.

41. As per the recommendations of the Thirteenth Finance Commission, the Empowered Committee of State Finance Ministers received a sum of Rs.30 crores in the year 2010-11 from the Government of India through the Government of Punjab as corpus fund. The interest received from this amount can be utilized for meeting the research, capacity building and establishment costs.

42. The Annual Accounts of the Committee for the Financial Year 2012-13 containing Income & Expenditure Account and Balance Sheet are annexed.
